Inspiring women to develop an outward style to reveal their inner beauty!

Hello Beautiful Friend!

There's something magical about holiday fashion; the sparkle, the rich colors, the cozy textures. It's that rare time of year when we get to dress for joy, layering on pieces that feel festive but still authentic to who we are. Whether you're attending a candlelit dinner, wrapping gifts by the fire, or gathering for a family brunch, this season's trends are all about effortless glamour and personal expression.

And, it's not about starting from scratch; it's about reimagining what you already own and adding just the right touches of color, texture, and shine. From the confidence of wearing red to the cozy sophistication of luxe knits, here are five of the biggest trends to try.

Holiday Style Trends!

Pop of Red

Nothing says timeless holiday style quite like red. From head-to-toe monochromatic looks to subtle accents layered with neutrals, this classic hue always makes a confident statement.

Style Tips:

- * Make it fun with oversized earrings in complementary metallics.
- * Try an unexpected shade of red, like garnet or deep burgundy, to bring your holiday look to life.

Sequins & Sparkle

Sparkle is no longer just for evening; sequins and shine are showing up for daytime, holiday gatherings and more. Try sequin slacks for your festive brunch or layer a glittery, sequined skirt with a chunky knit sweater. Sparkle smart and it won't look overdone.

Style Tips:

- * Mix a sequin piece with matte textures to balance the shine.
- * Choose sequin tones from your Color Code. Consider an unexpected pop shade!

Heritage Textures

Plaid, checks, suede, and other "country-heritage" textures are trending as a cozy but elevated holiday vibe. Plaid + party? Yes, please! Look for styles that mix tradition with a touch of glam. Think metallic threads, sleek silhouettes, or unexpected color pairings that take this classic

Heritage TEXTURES

print from cozy and classic to captivating and chic.

Style Tips:

* Choose one heritage-texture piece and pair it with something sleek (for example, leather boots, metallic clutch, etc.).

* For a fun look, pair your plaid with a modern twist. Mix scales or patterns, like pairing a micro-check top with a larger tartan skirt.

Make a Statement

Accessories are no longer the after-thought: giant necklaces, bold earrings, and standout bags are defining the holiday look. Big necklace, bold earrings, pop of metallic bag. Elevate your hues, amplify your style.

Style Tips:

* Accessories are a cost-effective refresh for the holiday season.

* So your pieces don't compete, choose no more than 2 bold accessories at a time.

Make a STATEMENT

Cozy Glam

Holiday party or cozy couch-moment? Why not both! Luxe knitwear is your new BFF this season. Pair your favorite pop color two-piece knit set or sweater dress with a statement necklace and boom: effortless glam.

Style Tips:

* Try your look with heels or sleek sneakers.

* Add a necklace (you love a statement necklace!) to elevate the look.

Have fun this holiday season with these fabulous trends and express your very own Style Personality in whatever you wear! **This holiday season isn't about following every trend; it's about finding the ones that make *you* feel radiant.**
